Leaving Certificate Examination, 2015

HOME ECONOMICS – SCIENTIFIC AND SOCIAL

HIGHER LEVEL

CENTRE STAMP

WEDNESDAY, 3 JUNE – AFTERNOON, 2.00 to 4.30

280/320 MARKS

Instructions to Candidates

Section A There are **twelve** questions in this section.
Candidates are required to answer any **ten** questions.
Each question carries **6** marks.
Write your answers in the spaces provided on the examination paper.

Section B There are **five** questions in this section.
Candidates are required to answer **Question 1 and any other two questions.**
Question 1 is worth **80** marks.
Questions 2, 3, 4 and 5 are worth **50** marks each.
Write your answers in the separate answer book provided.

Section C There are **three** questions in this section.
Candidates are required to answer **one** elective question to include
part (a) and either **part (b) or part (c)**.
Candidates who submitted Textiles, Fashion and Design coursework for examination may attempt only Question 2 from this section.
Electives **1** and **3** are worth **80** marks each. Elective **2** is worth **40** marks.
Write your answers in the separate answer book provided.

You must return your examination paper with your answer book at the end of the examination.

Section A

**Answer any ten questions from this section.
Each question is worth 6 marks.
Write your answers in the spaces provided.**

1. Explain protein deamination. (6)

2. Complete the table below in relation to carbohydrates. (6)

Class	Example	Food source
Monosaccharides		
Disaccharides		
Polysaccharides		

3. Enumerate three biological functions of water. (6)

- (i) _____
- (ii) _____
- (iii) _____

4. In relation to lipids explain **each** of the following: (6)

Smoke point _____

Flash point _____

5. State the nutritional significance of **each** of the following parts of the wheat grain. (6)

	Nutritional significance
Bran	
Endosperm	
Germ	

6. Outline **three** conditions necessary to ensure accurate results when carrying out sensory analysis tests. (6)

- (i) _____
- (ii) _____
- (iii) _____

7. Classify sauces and give **one** example in each class. (6)

Classification	Example / Sauce

8. Explain how **two** of the following assist in the control of enzymic food spoilage. (6)

Blanching	
Cold temperatures	
Acids	

9. State the purpose of family resource management.

(6)

List the **three** components of management.

(i) _____

(ii) _____

(iii) _____

10. State **one** advantage and **one** disadvantage of using credit to pay household utility bills. (6)

Advantage _____

Disadvantage _____

11. State the function of **each** of the following parts of the refrigerator: (6)

Thermostat _____

Refrigerant _____

12. Outline **two** functions of the Citizens Information Board.

(6)

(i) _____

(ii) _____

Section B

Answer Question 1 and any other two questions from this section.
Question 1 is worth 80 marks. Questions 2, 3, 4 and 5 are worth 50 marks each.

1.

A survey was conducted to identify the level and type of marketing of foodstuffs in post primary schools in the Republic of Ireland.

An extract from the summary of the main findings showed that a variety of food outlets e.g. tuck shops (53.2%), canteens (53.2%) and drinks vending machines (44.7%) are in operation in post-primary schools in Ireland, with a high proportion of schools also reporting a shop close to the grounds (64.4%).

A variety of healthy foods are available through one or more of these outlets including water (92.1%), juice (78.4%), sandwiches (73.9%) and fruit (62%). However, confectionery (74.1%), salty snacks/crisps (57.2%), fizzy/high sugar drinks (51.8%), diet drinks (50.2%) and biscuits, cakes and pastries (32.6%) are also widely available.

- (a) Using the information given above, comment and elaborate on (i) the provision **and** (ii) the nutritional significance of the foods and beverages available to students in post primary schools. **(24)**

- (b) Poor food choices have contributed to 42% of teenage girls and 23% of teenage boys not getting enough calcium in their diet.

Give an account of **calcium** and include reference to:

- sources
- biological functions
- factors assisting/inhibiting absorption. **(18)**

- (c) Explain (i) what is osteoporosis;
(ii) the main factors that increase the risk of developing osteoporosis. **(18)**

- (d) Discuss the role of parents in shaping their children's food choices. **(20)**

2. Over 85% of adults in Ireland enjoy eggs at least once a week, with 56% of men and 47% of women eating eggs two to three times per week. (Bord Bia, 2014)

(a) Set out the results of a study you have carried out on eggs.

Refer to:

- nutritional significance
- contribution to the diet
- properties and related culinary uses.

(40)

(b) Explain how quality is assured in egg production in order to minimise food safety risks.

(10)

3. Micro-organisms are commonly used in the production of many foods.

(a) Discuss four conditions necessary for the growth of moulds.

(16)

(b) Write a detailed account of one type of mould with reference to the following:

- name
- description/characteristics
- reproduction.

(22)

(c) Outline the uses of micro-organisms in food production.

(12)

4. Money management skills are vital to running the house as a financial unit.

- (a) Analyse **three** social factors that affect household income. **(18)**
- (b) Design a family budget (two adults and two young children) where the net weekly income is €650. Give a reason for the proposed allocation of income for each area of expenditure. **(18)**
- (c) Recommend **one** type of savings scheme suitable for a family.
Refer to:
- name of institution
 - type of savings scheme
 - interest paid
 - ease of access to funds
 - tax payable.
- (14)**

5. Each year thousands of couples get married in Ireland. The majority of these marriages begin with some form of official ceremony with Church ceremonies being the most popular. (*Accord*)

- (a) (i) Define marriage as it exists in Irish law.
(ii) Set out the legal requirements for marriage in Ireland. **(21)**
- (b) Discuss the rights **and** responsibilities of partners within a marriage relationship. **(20)**
- (c) Outline the conditions required for granting a divorce under the Family Law (Divorce) Act, 1996. **(9)**

Refer to **each** of the following:

- ergonomics
- aesthetic and comfort factors.

(18)

- (ii) Differentiate between thermoplastic **and** thermosetting plastics.

Refer to:

- properties
- examples
- uses.

(20)

- (iii) Outline the effects of condensation in the home **and** state how condensation may be reduced/prevented. (12)

and

1.(b) (i) Name and explain three charges shown on a domestic electricity bill. (12)

- (ii) Explain how **each** of the following impact on electrical safety:

- fuses
- miniature circuit breakers (MCBs)
- earth wire.

(18)

or

1.(c) Fresh water is a finite and vulnerable resource, essential to sustain life, development and the environment. (*Global Water Partnership*)

- (i) Describe the cold water system in a house. (15)

- (ii) Write an informative note on water with reference to **each** of the following:

- sources of domestic water in rural **or** urban areas
- water quality
- water charges.

(15)

Elective 2 – Textiles, Fashion and Design (40 marks)
Candidates selecting this elective must answer 2(a) and either 2(b) or 2(c).

2.(a) Playsuits and jumpsuits have evolved from men's clothing to chic and versatile garments and are important fashion staples in every person's wardrobe.

(i) Sketch **and** describe a playsuit/jumpsuit you would choose to wear for an occasion of your choice. (9)

(ii) You plan to make the garment. Give details of **each** of the following:

- body measurements required
- type of fabric you would select and reason for choice
- outline plan of work to assemble the garment.

(16)

and

2.(b) Write a profile of one fabric manufactured from natural fibres.

Refer to:

- fibre production
- fabric properties
- uses.

(15)

or

2.(c) As a practice of expression and as a way to individualism it is obvious that music and fashion are closely linked.

(i) Discuss, giving examples, how music and/or musicians have influenced trends in fashion over the years. (6)

(ii) Give examples of how a garment can be restyled to reflect a modern trend. (9)

Elective 3 – Social Studies (80 marks)

Candidates selecting this elective must answer 3(a) and either 3(b) or 3(c).

- 3.(a) While the improvement in the Irish economy is creating more opportunities for people to find work, there remains significant challenges in terms of youth and long-term unemployment. (*The Irish Times*, November 2014)**

- (i) Discuss how changes in the availability of work have affected individuals and families in Ireland. **(20)**
- (ii) Discuss, giving examples, how flexibility in working hours has impacted on work/life balance for many people. **(20)**
- (iii) Name **and** give details of **one** statutory initiative aimed at creating employment. **(10)**

and

- 3.(b) (i) Evaluate **three** supports that are available to improve the accessibility of second-level education for all students.** **(15)**

- (ii) Explain, giving examples, how education prepares students for participation in employment. **(15)**

or

- 3.(c) Although an individual's leisure can often be affected by numerous external factors such as age, race, income and gender, there is no denying the benefits of incorporating a small amount of leisure into a person's routine.**

- (i) Discuss, giving examples, the role of leisure activities in personal development. Refer to the following factors:

- physical
 - social
 - emotional.
- (18)**
